GROUP 330

Sir:

In response to the Office Action dated November 16, 1993,  
please amend the above-identified application as follows:

IN THE CLAIMS:

Please cancel claim 3 and amend the remaining claims as  
follows:

Claim 1. (twice amended) A back brace apparatus  
comprising:

a brace body adapted to be wrapped around the trunk of a  
patient, said brace body comprising two separate segments;

means at the end of each brace segment for allowing the two  
ends to be detachably connected together around the patient's  
trunk; and,

means for automatically tightening the brace comprising a  
cable operatively connected to said two segments, a motor  
operatively connected to apply tension to said cable, [and] means
